## **Project/Activity Form for Nangi, Nepal**

The goal of completing this form is to have you think about what you want to accomplish before arrival. It will stimulate your thoughts to frame out a plan. It will give you time to plan for supplies or fund raising before arrival and to contact past volunteers who may have had similar projects. Contact Dr. Ron Konecny if you need help organizing a project.

All volunteers are asked to complete this online form two months before departing for Nangi and submit it to:
